Introductory Special

Vichy Shower

The Vichy Shower Treatment is a luxurious water treatment that detoxifies, hydrates, and is intensely relaxing both spiritually and physically. It provides pressure point massage jets over your entire body to assist in the relaxation and stimulation of the mind and body. It is perfect for those that are seeking pure relaxation and a chance to get away from it all! The Vichy shower is a 6 headed 'rain bar'. The rain bar heads can be adjusted to provide either a light rain massage, or a higher pressure to target specific tension areas. The hydraulic wet table ensures anyone with decreased mobility can safely experience this treatment. (A fabulous alternative to the bath bench shower. Personal Care workers permitted to accompany Clients.)

Acting like a thermal massage, the Vichy Shower treatment is known to reduce stress. Additionally, it works to hydrate an individual and stimulate blood circulation, which then increases the function of the immune system. Other benefits of the Vichy Shower includes: relaxing tight and sore muscles; and stimulating lymph circulation, which helps the body eliminate metabolic wastes. A relaxing treatment, the Vichy Shower consists of a six shower head system that stimulates, what can be described as, a tropical rain shower.

The Vichy shower can be a treatment by itself or optimally combined with a salt glow, mud treatment or seaweed wrap.

Vichy Shower Treatment 30 minutes
\$25.00 Reg \$35.00

Vichy Shower/ Salt Glow ((a must prior to your tanning program) 60 minutes
\$65.00 Reg \$85.00
